#### PURPOSE OF THE BILL

The purpose of H.R. 2793 is to reauthorize the Highlands Conservation Act and to authorize States to use funds from that Act for administrative purposes.

#### BACKGROUND AND NEED FOR LEGISLATION

The Highlands area covers 3.4 million acres in Connecticut, New Jersey, New York, and Pennsylvania. The deciduous and coniferous forests, streams, and lakes of the Highlands yield benefits and resources to millions of Americans and thousands of plant and animal species. One in nine Americans lives within a two-hour drive of the Highlands,<sup>1</sup> and millions benefit from its clean water, clean

air, forested habitats, and recreational and cultural resources. In 2004, the Highlands Conservation Act<sup>2</sup> was signed into law, establishing a program under the Land and Water Conservation Fund for state agencies to purchase and conserve land in the Highlands from willing sellers. In addition, it authorized the Fish and Wildlife Service (FWS) and the U.S. Forest Service (USFS) to provide financial assistance to the Highland states, local governments, nonprofits, and private forest and farm landowners to conserve the land and natural resources of the Highlands region. Since the Act's passage, more than \$20 million in federal funds, matched by \$44.3 million in non-federal funds, has been awarded to permanently protect 12,776 acres of land.<sup>3</sup> The program's authorization expired in 2014, but funds have still been appropriated each year.

H.R. 2793 will improve upon the well-known land conservation partnership projects funded by the Highlands Conservation Act Grant Program and reauthorize the FWS program through 2028 at \$10 million per year. There is a limitation on administrative expenses for FWS at \$300,000 per year and 5% of received funds for each state's administration. The bill updates the list of included municipalities and information on which geographic areas are ecologically connected. It also includes a petition process for states to nominate new areas to be included in the Highlands region so that they are eligible to receive assistance under the Highlands Conservation Act. The petition process will remain open on a rolling basis to eliminate possible bottlenecks. The bill will also enable the Highland States to determine areas of high conservation value using the best available science and geographic information systems. Finally, the bill would authorize \$1 million annual through 2028 for the USFS to assist states with the conservation of private farms and forests.

#### COMMITTEE ACTION

H.R. 2793 was introduced on April 22, 2021, by Representative Sean Patrick Maloney (D-NY). The bill was referred solely to the Committee on Natural Resources, and within the Committee to the Subcommittee on Water, Oceans, and Wildlife. On July 29, 2021, the Subcommittee held a hearing on the bill. On January 19, 2022, the Natural Resources Committee met to consider the bill. The Subcommittee was discharged by unanimous consent. Chair Raúl M. Grijalva (D-AZ) offered an amendment. The amendment was agreed to by unanimous consent. The bill, as amended, was adopted and ordered favorably reported to the House of Representatives by unanimous consent.

#### HEARINGS

For the purposes of clause 3(c)(6) of House rule XIII, the following hearing was used to develop or consider this measure: hearing by the Subcommittee on Water, Oceans, and Wildlife held on July 29, 2021.

#### COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

Regarding clause 2(b)(1) of rule X and clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Natural Resources' oversight findings and recommendations are reflected in the body of this report.

#### COMPLIANCE WITH HOUSE RULE XIII AND CONGRESSIONAL BUDGET ACT

**1. COST OF LEGISLATION AND THE CONGRESSIONAL BUDGET ACT.** With respect to the requirements of clause 3(c)(2) and (3) of rule XIII of the Rules of the House of Representatives and sections 308(a) and 402 of the Congressional Budget Act of 1974, the Committee has received the following estimate for the bill from the Director of the Congressional Budget Office:

U.S. CONGRESS,  
CONGRESSIONAL BUDGET OFFICE,  
*Washington, DC, March 10, 2022.*

Hon. RAÚL M. GRIJALVA,  
*Chairman, Committee on Natural Resources,*  
*House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 2793, the Highlands Conservation Reauthorization Act of 2021.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Janani Shankaran.

Sincerely,

PHILLIP L. SWAGEL,  
*Director.*

H.R. 2793 would authorize the appropriation of \$10 million annually over the 2022–2028 period for the U.S. Fish and Wildlife Service (USFWS) to award grants to Connecticut, New Jersey, New York, and Pennsylvania for the acquisition and conservation of land within the Highlands Region. The bill also would authorize

the appropriation of \$1 million annually over the 2022–2028 period for the Forest Service to assist those states with conservation of farms and forests on private land.

For this estimate, CBO assumes that the bill will be enacted late in fiscal year 2022 and that the authorized amounts will be provided each year. Using information from USFWS and based on historical spending patterns for similar activities, CBO estimates that implementing H.R. 2793 would cost \$37 million over the 2022–2026 period and \$40 million after 2026.

In 2021, USFWS allocated \$10 million from the Land and Water Conservation Fund for grants to states for acquisition and conservation of land in the Highlands Region. (Amounts in the fund are available to USFWS and other land management agencies without further appropriation.) CBO estimates that if the bill was enacted, amounts authorized to be provided in subsequent appropriation acts would be additional to amounts allocated from the fund; thus, enacting H.R. 2793 would have no effect on that direct spending.

The costs of the legislation, detailed in Table 1, fall within budget function 300 (natural resources and environment).

On February 25, 2022, CBO transmitted a cost estimate for S. 753, the Highlands Conservation Reauthorization Act of 2021, as ordered reported by the Senate Committee on Energy and Natural Resources on November 18, 2021. The two bills are similar; however, S. 753 would authorize the appropriation of \$10 million more each year for USFWS than H.R. 2793. CBO's cost estimate for each bill reflects the difference in the authorized amounts.

The CBO staff contact for this estimate is Janani Shankaran. The estimate was reviewed by H. Samuel Papenfuss, Deputy Director of Budget Analysis.

2. *General Performance Goals and Objectives.* As required by clause 3(c)(4) of rule XIII, the general performance goals and objectives of this bill are to reauthorize the Highlands Conservation Act and to authorize States to use funds from that Act for administrative purposes.

#### EARMARK STATEMENT

This bill does not contain any Congressional earmarks, limited tax benefits, or limited tariff benefits as defined under clause 9(e),

9(f), and 9(g) of rule XXI of the Rules of the House of Representatives.

#### UNFUNDED MANDATES REFORM ACT STATEMENT

According to CBO, this bill contains no unfunded mandates as defined by the Unfunded Mandates Reform Act.

#### EXISTING PROGRAMS

This bill does not establish or reauthorize a program of the federal government known to be duplicative of another program. Such program was not included in any report from the Government Accountability Office to Congress pursuant to section 21 of Public Law 111-139. The most recent Catalog of Federal Domestic Assistance published pursuant to 31 U.S.C. § 6104 does not identify other programs as related to the Highlands Conservation program (CFDA No. 15.667) reauthorized by this bill.

#### APPLICABILITY TO LEGISLATIVE BRANCH

The Committee finds that the legislation does not relate to the terms and conditions of employment or access to public services or accommodations within the meaning of section 102(b)(3) of the Congressional Accountability Act.

#### PREEMPTION OF STATE, LOCAL, OR TRIBAL LAW

Any preemptive effect of this bill over state, local, or tribal law is intended to be consistent with the bill's purposes and text and the Supremacy Clause of Article VI of the U.S. Constitution.

#### CHANGES IN EXISTING LAW MADE BY THE BILL, AS REPORTED

In compliance with clause 3(e) of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, as reported, are shown as follows (existing law proposed to be omitted is enclosed in black brackets, new matter is printed in italics, and existing law in which no change is proposed is shown in roman):
